

Bauerfeind LumboTrain® Back Support

Effectively stabilize and relax your back with the LumboTrain back support

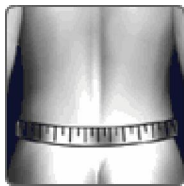

Product Features:

- Knitted lumbar support incorporating an adjustable, anatomically contoured silicone insert stabilizes and relaxes the lower back muscles
- Silicone insert with raised nodules provides intermittent compression to the soft tissue, leading to increased circulation, and allowing for unicompartmental movement
- Intermittent compression stimulates muscle activity which most lower back supports do not achieve
- Promotes proprioception, thus heightening sensory awareness in the lower back for increased stabilization
- Anatomical knit carries controlled compression graduated at the edges to prevent rolling of the support
- Velcro fastenings and hand straps allow for easy application and adjustment, even for people with arthritis
- Lightweight, breathable knit will not retain heat and is completely machine washable

Can be used to prevent:

- Low back pain (Lumbago)
- Back Strain / Back Sprain
- Sciatica
- Lumbosacral Radiculitis
- Degenerative joint disease (arthritis, OA, RA)
- Lumbrisacral Muscular Instability
- Chronic postural disorders
- Bone formation disorders
- Minor instability of the lumbosacral spine
- Muscle strain
- Post Trauma Care
- Decompression Therapy

LumboTrain

Titanium

Size	Circum. in inches	Item Number
1	27 ^{1/2} - 31 ^{1/2}	11084104080001
2	31 ^{1/2} - 35 ^{1/2}	11084104080002
3	35 ^{1/2} - 39 ^{1/4}	11084104080003
4	39 ^{1/4} - 43 ^{1/4}	11084104080004
5	43 ^{1/4} - 47 ^{1/4}	11084104080005
6	47 ^{1/4} - 51 ^{1/4}	11084104080006
7	51 ^{1/4} - 57	11084104080007

Size is determined by loosely measuring the circumference just below the waist
