

SOFTEC ULTRA

FEATURES & BENEFITS

MOISTURE-WICKING TOP SHEET
Perforated polyester weave maximizes breathability and moisture-wicking properties.

SOFTEC CUSHIONING
1.6mm of proprietary cushioning material ensures maximum shock absorption and comfort.

MOLDABLE BASE LAYER
Adjusts to your unique foot without losing its orthopedic shape. Heat or Wear Moldable.

DEEP HEEL CUP
Cradles the heel, aligning the foot during heel strike and through the stride.

ADJUSTABLE ARCH SUPPORT
Support and alignment personalized for your unique foot.

THREE SIMPLE STEPS FOR A PERFECT FIT

- STEP 1: Heat footbeds in pre-heated over for 2 minutes.
- STEP 2: If possible, remove factory insoles. Place heated footbeds in footwear.
- STEP 3: Step in and stand up straight, with your feet shoulder width apart, for 2 minutes.

MONEY BACK GUARANTEE

If you are unsatisfied with your footbeds for any reason, return them within 90 days for replacement or refund, no questions asked.
