

## **Bauerfeind ViscoHeel® K Corrective Heel Cushions**

ViscoHeel K adjusts foot positioning for therapeutic relief. They are wedged heel cushions providing superior cushioning and shock absorption to reduce shock to the joints and back.

### **Product Features:**

- No definite left or right so raised part can be placed toward the inside or outside of the shoe, depending on the treatment needed
- Medical grade viscoelastic silicone heel cushions reduce shock load to the joints and back
- Comfortable and long lasting
- Easy to clean with soap and warm water
- Sold as pairs to prevent leg length discrepancies
- Can be switched from one pair of shoes to another
- Cushion is anatomically contoured and has a heel rim so it won't slide in the shoe
- Does not contain latex
- Does not absorb odors

### **Can be used to treat:**

- Pronation / Varus / Bow legged
- Supination / Valgus / Knock Knee
- Lateral Ankle Sprains
- Osteoarthritis
