

F5000™ Inversion Table

**Denotes features unique or patented for Teeter Hang Ups equipment.*

UL Classified 2601-1, medical equipment in a clinical setting*

The inversion table meets a 400% safety factor for a 136 kg weight capacity. We are the only company that offers this level of structural integrity for inversion equipment.

Self-locking hinges*

Secure the table bed to the A-frame for improved security and portability

Specialized pivot bearings*

Guarantee smooth rotation with no squeaks for the life of the table; patented cam locks ensure proper assembly

Heat treated high quality carbon steel*

Used in key structural components for increased strength and durability

De-rattler knob*

Reduces shaft movement to allow for quiet, shift-free rotation - the only design on the market to structurally engage the main shaft

Triple-plated chrome main shaft*

Steel wall thickness at least 20% greater than any main shaft on the market. Features embossed height markers in both inches and centimeters for easy adjustment
